Advance-Nilfisk Parts - Imagine how tiresome it would actually be to clean up your home right after throwing a large party, with out help from cleaning machines. Back in the day, when upholstery and carpets had the dirt beat out of them manually; cleaning cloths, brushes and brooms were the leading cleaning supplies during that time.

The founder of Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who liked to work on electrical motors. After establishing his company during the year 1906, he began to produce motors to drive fans, machine tools, drills and coffee grinders. Mr. Fisker's dream from the beginning was to have a worldwide company marketing goods internationally.

The Nilfisk C1 was an incredible breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and could be operated by a single person. This creation came in a time where many cleaning machines were very big and needed at least 4 operators, thus, the Nilfisk C1 changed everything and evolved the method we clean forever. The genius behind these very first cleaning machines remains unparalleled. Cleaning machines provide an excellent solution to an ongoing crisis; stuff get filthy and need to be cleaned frequently, without a lot of effort.

Slowly but steadily, Nilfisk-Advance grew all through the decades. During the nineteen eighties, this development actually took place the time the business became a part of the NKT Group. Their new owners' determination and motivation made Nilfisk-Advance take a huge leap forward within the industry, trying to be among the leading universal players in the market of professional cleaning machines. Nilfisk-Advance is now represented in all parts of the globe due to steadily acquiring many small companies so as to grow their product portfolio and presence in new markets. They are really proud to provide a variety of cleaning solutions to meet every requirement.
