

## TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each and every global industry. Transporting industrial goods occurs every day on our busy planet. Originally innovated as industrial vehicles in the 1930s in the U.S., lift trucks gained popularity following WWII during the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machinery spread internationally.

First founded as Toyo Carrier Manufacturing Company Limited, in 1949, the business was later renamed Toyo Umpanki Co. prior to becoming known as the TCM Corporation. Founded by Mr. N. Niwa manufactured Japan's first lift truck. Through the years, TCM lift trucks have become an international leader in lift truck manufacturing and have built a solid reputation with the trade. TCM started constructing forklift manufacturing sites outside of Japan during the 1980s and is presently engaged in forklift manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly manufactures numerous models of industrial forklifts with over 50 years of accumulated expertise and technology, making their products recognized and used all over the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aims to become a world-class leading company.
